PROJECTS

SMAR SALINE LEVEL MONITORING SYSTEM

We done a project to control the saline flow of a patient in a medical system. Our project is about the flow of saline level when then flow of saline is out of range it controls automatically with the help of sensors and automation mechanisms.

Our idea is to make reliability, more ease to use and to help for the clinical environments.

INTERNSHIPS AND HACKATHON

Done an in-plant training for 5 days in Tamil Nadu Electricity Board.

Attend a workshop about basics of PLC & Scada in Kongunadu Engineering College.
